Notes: The number of shelter units in a school district and the number of "in shelter" students are not the same; students in shelter may attend schools in districts where they do not live, and each shelter unit can house more than one child. The number of homeless students represents where students attend school; homeless students may attend schools in districts where they do not live. Students who experienced homelessness in the last five years is the ratio of currently homeless and formerly homeless students to the total number of students in the district. Formerly homeless students are defined as those who are currently housed but experienced homelessness at any point during SY 2010–11 to SY 2013–14. Notes on educational outcomes are listed in Section 3. Percentages may not add to 100% due to rounding. Sources: New York City Department of Education Division of School Budget Planning & Operations, FY15 Fair Student Funding Program Details; New York City Department of Education, unpublished data tabulated by the Institute for Children, Poverty, and Homelessness, SY 2010–11 to SY 2014–15; New York City Department of Homeless Services.
