Informing Candidates and Voters about Poverty and Homelessness in NYC

High-quality early childhood education programs help children develop.

Almost **4 out of 5** young homeless children* in New York City aren't enrolled in public preschool.

*Children ages 5 years or younger.

Only 7% of all young homeless children were served by Head Start in the 2011–12 school year.

Just 14% of all young homeless children were in a pre-k program during the 2010–11 school year.
