City Council District 32

Eric Ulrich
Rockaway Beach / Woodhaven

Highlights

Despite almost 2,000 District 32 students who had been homeless, there is one family shelter in the district with capacity for just 33 families.

More than half of all remaining affordable units in District 32 are at risk of being lost in the next five years.

**1 out of 12** District 32 students experienced homelessness in the last five years

Community Resources

Received IEP Late	56%	58%	62%

Affordable & Public Housing

2,867 remaining affordable units

1,994 affordable units could be lost from 2017 to 2022

296 NYCHA units

182 affordable units lost between 2005 and 2016

Family Shelters

33 units
2% of Queens units
0.3% of NYC units

1 family shelter
– of Queens shelters
0.3% of NYC shelters

Neighborhood

29% of households are severely rent burdened

10% of people are unemployed

33% of people work in low-wage occupations

18% of people have less than a high school education

22% of single mothers with children under five live in poverty

Note: The number of homeless students represents the council district where students attend school; homeless students may attend schools in districts where they do not live. Students who experienced homelessness in the last five years is the ratio of currently homeless and formerly homeless students to the total number of students in the district. Formerly homeless students are defined as those who are currently housed but experienced homelessness at any point during SY 2010–11 to SY 2014–15. Chronically absent students are those who miss 20 or more school days in a school year. Late IEP is defined as received after Kindergarten. Data represent a cohort of students who entered Kindergarten in SY 2010–11 and received an IEP at some point during the next five years. Math and English proficiency rates refer to students who score a 3 or above on the New York State Education Department Math and English Language Arts tests. Dropout and graduation data represent the four-year dropout and graduation rates for students who entered high school in 2011 and experienced homelessness at any point during their high school career. Low-wage occupations are defined as those with annual median salaries at or below $28,583, which is 150% of the Federal Poverty Level for a family of three in 2014. Households that are severely rent burdened spend 50% or more of their income on rent. Districts 8 and 34 are split between boroughs, and the numbers used in the borough rankings are for the section of the district that falls in that borough. Percentages may not add to 100% due to rounding. Some data by district may be redacted due to privacy or data accuracy. When data are redacted, the symbol "–" will appear instead.
