

State Performance Across Five Indicators

1

Head Start

How are states using federal funds and federal programs to support some of our youngest homeless students?

2

Pre-K

How are state-led pre-K programs engaging and enrolling homeless students?

3

K-12

Are states effectively identifying students from the poorest households that are struggling with homelessness?

4

Doubled-Up

Are states successfully reaching out to hidden homeless students that are not in shelter, and are they protecting the legal rights guaranteed to them under McKinney-Vento?

5

Special Education

How do states ensure that homeless children are properly referred and evaluated for disabilities, and receive appropriate services?

State	SY 2015-16	% of Head Start Enrollees that are Homeless	Ratio of Homeless Preschoolers to Students Below Poverty Level	Ratio of Homeless K-12 Students to 6-17 Year Olds Below 50% of the Poverty Level	% of All Students That Are Doubled Up	% of Homeless Students Identified with a Disability	Rank (performance across 5 indicators)

More than **1.3 million** students experience homelessness in the United States—in NYC alone 105,000 public school students are homeless.

Homeless students are less likely to graduate from high school than their housed peers.

Homeless children are far more likely than their housed peers to end up homeless as adults.
